OUTLINE OF TAPE JOINT

Technical drawing of a 32 inch access door. The top view shows a square access door opening with a 32" width and 42" height. The door is set within a 38" wide access door frame, which is itself set within a 36" wide wood frame opening. The total height of the assembly is 48". The door is hinged on the left side with concealed spring-loaded hinges, and it features a flushed cam latch on the right side. The drawing includes a side view showing the door's profile and the tape joint outline. Dimensions are provided in inches, and typical values are indicated as 'TYP'.
